You have been medically evaluated to determine whether your present medical condition is acceptable for respirator use, and whether a respirator will cause an additional burden to your health. The Physician or Other Licensed Health Care Professional has made the following recommendations:

☐ You may use a respirator with no limitations of use.

☐ You may use a respirator with limitations:
  • ☐ You are not approved to use a negative pressure respirator
  • ☐ You may use a tight-fitting or loose-fitting Powered Air Purifying Respirator (PAPR)
  • ☐ You may use a loose-fitting PAPR ONLY

☐ You will need to schedule a follow up exam before a determination can be made for respirator use.

☐ You are not approved for respirator use.
